Mike Thomas introduced his daughter Audrey, or 'AJ', Guidance Counselor at Greenwood School, for a program describing how she strives to help overcome and remove social and emotional barriers to student learning and achievement at Greenwood. Audrey opened her program by reading a letter expressing gratitude from the mother of the family Audrey chose for San-Lee Rotarians to help with Christmas this year. Audrey continued her program describing methods of helping students achieve goals, and methods of grouping students into various interest groups. The goal of developing character is enhanced with the slogan "by showing CHARACTER, Greenwood can JIVE AS A HIVE!!" and giving tokens to each hive for students who exhibit "Respect, Responsibility, Integrity, Good Judgment, Kindness/Caring, Self-Discipline, Courage, and Perseverance." A "Boys at Risk" group has been developed to help students understand the value of a good reputation and to help with authority figure relationships and a "Club USA" has been developed to help children from military families cope with military deployment. Next year Greenwood is hoping a 4H Club can be established.
