Started in 1995, the Boys and Girls Club has served over 13,000 children in Lee County. In that fourteen year period there have been four arrests, one pregnancy and no school dropouts. There are supervised homework periods each day of the week and there is no television or radio allowed in the Club facility.

There are many opportunities for volunteers to help and mentor the youngsters, and the Club holds several fundraisers each year. Economic adversity has caused Club revenue to drop from \$980,000 three years ago to less than \$500,000 today.
